DISCUSSION WITH POSSIBLE ACTION

Medical Examiner Transport: After discussion, approval was given to proceed with the hiring.

ISAC update: Irwin said there were some good discussions at the statewide supervisor meeting. The legislation that was passed a couple of years ago really forced our hands on levy rates. He said many counties are facing the same situation, there is just this faction in the state that is trying to control everything we do. School districts, cities, counties are all being regulated on how much can be levied and what the dollars can be spent on. Irwin said that is not really the case in Iowa in the past. He said the state says local control, but they're really taking it away from us by controlling our levy rates.

The Board of Supervisors approved the following claims be allowed and checks/drafts issued on the various funds in payment thereof:
